SPEAKER & COACH

MEDIA KIT

Hi, I'm Dave!

SPEAKER & COACH

As a recently retired School Resource Officer with more than 18 years of experience, I've dedicated my career to helping parents, educators, and young people navigate the challenges of today's digital world. Technology has transformed how our children learn, communicate, and socialize but it has also created new risks that families and schools must be prepared to address.

Throughout my career, I've educated thousands of parents, students, educators, and community members on topics including social media safety, online predators, youth substance abuse, digital awareness, and emerging threats affecting children. My presentations combine real-world law enforcement experience with practical, actionable strategies that audiences can use immediately.

I've had the privilege of assisting the Idaho Crimes Against Children Task Force, supporting law enforcement agencies with investigations involving internet predators, operating undercover social media accounts to identify offenders, and helping locate missing children. These experiences have given me a unique perspective on the tactics used to target youth and the importance of proactive education.

Whether I'm speaking at a school, conference, or community event, my mission is simple: to equip parents, educators, and youth with the awareness, confidence, and practical tools they need to make informed decisions, stay safe, and thrive in an ever-changing digital landscape.

TALL COP SPEAKERS NETWORK

I believe that one of the greatest gifts we can give our children is a safe environment to learn, grow, and thrive. Throughout my law enforcement career, I've dedicated myself to helping parents, educators, school staff, and community leaders recognize today's evolving safety challenges and take practical steps to protect the young people in their care.

My presentations are built on real-world experience and focus on the issues families and schools are facing right now from school safety and situational awareness to online threats, digital safety, youth victimization, and emerging risks affecting students every day. My goal isn't to create fear it's to build awareness, confidence, and preparedness.

WHO I WORK WITH

I partner with schools, colleges, prevention coalitions, community organizations, healthcare professionals, law enforcement, youth-serving agencies, and government leaders to strengthen prevention efforts and build healthier communities. I also work with professionals and organizations seeking to combat burnout, reignite their passion, and reconnect with the purpose that first inspired their work.

WHAT YOU CAN EXPECT

My presentations are designed for educators, parents, students, prevention professionals, and community stakeholders who are committed to empowering young people, preventing substance use, and fostering resilience. Whether I'm delivering a keynote, facilitating professional development, or leading an interactive workshop, I equip audiences with practical strategies, renewed purpose, and the confidence to create meaningful, lasting change where they live, work, and serve.
